Partnering with families to provide students a Christ-centered education while fostering a life of faith and service.

2018-2019 Financial Sheet

***Tuition and fees subject to change for the 2019-20 school year.**

Once enrolled, a family has made a commitment to pay the full year tuition regardless of the reason for early withdrawal.

The school realizes that most families will need to pay over twelve months (or, in some cases, by semester). All families are automatically enrolled in the Tuition Protection Plan (TPP) that is offered at a very nominal cost. The Tuition Protection Plan is designed to protect your family's tuition obligation should an unforeseen event occur. Families may choose to opt out of TPP by signing the TPP Opt-out form. If a family opts out of the TPP, they may not re-enroll in TPP during the school year and will be liable for the entire tuition in the event of early withdrawal, whatever the reason. *See the back for greater detail.* Discounts are given for full year payments.

EXPLANATION OF FEES

Fees are charged to cover the cost associated with an activity. Most fees are self-explanatory. However, the following fees warrant additional explanation.

Point of Entry Fee (POE) – Over the years, the tuition paid by existing families has paid for the facilities we now enjoy. New families entering 6th through 12th grades are asked to participate in maintaining and developing these facilities through this one-time fee. New families entering the elementary school are exempt from this fee because the tuition charged for elementary school is sufficient to cover the cost of maintenance and repair of the elementary school facilities.

Tuition Protection Plan (TPP) – **Tuition is due in its entirety once enrolled.** School board policy requires that all families are automatically enrolled in the Tuition Protection Plan for the protection of the families and the school. Families may choose not to participate in TPP by signing the TPP Opt-out form **at the time of enrollment or by the first month's tuition due date.** Families must realize that they are still responsible for the entire year's tuition if they "Opt Out" of TPP. This program guarantees that the family's outstanding tuition balance will be paid to the school in the event of one of the following:

1. Death of a parent or court appointed legal guardian, or death of the student;
2. Withdrawal at the school's request for academic or behavioral reasons;
3. A physician's written determination that a student's medical condition will no longer permit the student to attend the school;
4. Having to move more than 50 miles from the school due to job transfer or new employment. Documentation of new address and job transfer are both required.

***Please note** that unemployment, separation/divorce, or unexpected medical illness of the person responsible for paying tuition is **not** covered by the Tuition Protection Program (TPP). Such needs are evaluated by the Tuition Assistance committee on an individual basis. Grants through the emergency tuition assistance fund are available for up to 3 months, are based upon the income level of the family, and are dependent upon gifts to the fund. Applications are available through the Central Office.
